

## **Guidelines for Online Classes for all students**

Greetings to all.

We welcome you all to the new academic session 2021-22. For the time being, we will start with online classes as mandated by the recent government guidelines due to surge in cases of Corona infection. However, we are excited and hopeful to start the regular classes on the campus as soon as possible.

Following guidelines are to be followed while attending online classes.

1. All of you are requested to follow the code of conduct related to online classes as per Cyber Security.
2. Students must attend the classes with Class/Section, Full Name, Admission number and Mother's Name.
3. In order to avoid any complexity, it is advisable to enroll only one phone number and use only one device. In case of change in phone number or any related problem inform the class teacher and the subject teachers.
4. Summer Uniform is compulsory.
5. Ensure Proper haircut. For girls, hair to be neatly tied or braided.
6. Video to be on throughout, while classes are going on. If it is off in any of the periods, attendance will not be given for the day. In case of connectivity/network issues please inform the class teacher or concerned teacher immediately.
7. First/Reopening day attendance is must . An application is mandatory for not attending online classes even for one day.

We expect cooperation and support from parents and are positive about the smooth Teaching-Learning Process this session too!
