Editorial

Dear Readers

A magazine mirrors a school - its aims and objectives. It also highlights events, activities and academic prowess and achievements. We are really proud and exuberant to announce that we are ready with the new edition of our beloved BLISS (the LVS Yearbook) in all its brilliant hues. It is surely going to unfold and unravel the most unforgettable and precious moments of school events.

The journey of learning with fun started with the Scholar Award Ceremony 2023, the recognition of the bright budding Literarians, and moved through a lot of stations which include numerous events and activities giving a platform to the Primary, Secondary and Higher Secondary students to perform in the much-awaited events of our School.

As the saying goes, the mind is like a parachute and works best when opened. This humble initiative is to set the budding minds free, allowing them to roam in the realm of imagination and experience, to create a world of beauty in words. The enthusiastic write ups of our young writers are indubitably sufficient to hold the interest and admiration of the readers. This souvenir is indeed, a pious attempt to make our budding talents give shape to their creativity and learn the art of being capable.

This Herculean task of editing the school magazine would not have been possible without the sincere support of the members of the Editorial Board who sorted out the best from the flood of articles we had received from our enthusiastic young writers, edited them and finally made a fair draft of them. I sincerely wish all the readers the very best and hope this souvenir enjoys your critical acclaim and prove itself worthy of your expectation.

Happy Reading!

MESSAGE FROM THE CHAIRMAN

Dear Readers

'The edifice of a student's character is built on the strong pillars of knowledge, skills and values imbibed over the formative years.'

A school is therefore much more than a temple of learning lessons, it encompasses peripheral development that frames the modern youth. Undoubtedly, the basic expectation of a school is academic knowledge, but the truth is that a child learns life lessons in school.

A student may not be a great sportsman, but must learn to enjoy games and sports. He must learn to smile in defeat, shake hands with his opponent wholeheartedly and celebrate triumph with dignity.

I want every Literian to be eager to learn new skills, to become multifaceted.

What I propagate is holistic Education which helps in mental, physical and moral development of a child.

The need of the day is a happy, healthy, highly motivated, humane youth force to build an egalitarian world society.

The wars around the world in the last couple of years shriek out the need for reformation of the human mind, to balance one's desires with the well-being of society.

'Education builds confidence.

Confidence breeds hope.

Hope breeds peace.'

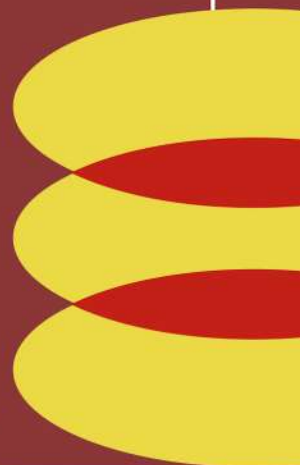

Education is a powerful tool which can grapple even the greatest problem of the world today. Every student must, therefore learn with passion and do his/ her best in all endeavours. Likewise, a teacher must deliver the best. Every lesson (academic, sports and skill based) should be laced with moral values, so that every graduate Literian develops into an impressive package of wisdom and goodness.

Dear Literians, work wholeheartedly, do your best and build a dream society for mankind.

With good wishes

Amit Prakash

A CANDID TETE-A-TETE WITH THE HEAD OF THE SCHOOL

Desmond Jude D'Monte, our respectable Principal is completely dedicated, sincere and enthusiastic towards his profession as the Head of Litera Valley School, Patna. He believes in hard work, perseverance and consistency. He goes by the motto 'Never Give Up' as he feels life is a rainbow of many colours and after every challenge or dark period of life, a silver lining appears. He believes that 'we must accept finite disappointment, but never lose infinite hope'. He always chooses to look at the brighter side of life making him a true optimist

In a candid interview, he spoke about his vision and perceptions on various topics when interviewed by Romy Verma and Rohan Raj.

SCHOOL

He considers our school to be a happy place with a positive environment. He observed that students are excited about learning and have eyes filled with unspoken dreams to achieve something big and noble in life, and in this process, they'll contribute positively to society. He strongly believes that LVS encourages creativity and individuality, thus, enabling students to develop a strong understanding of themselves and their potential.

TEACHERS

He acknowledges that the teachers at LVS are loyal and dedicated with a sense of belongingness. He feels that the teachers have core values of compassion, creativity and collaboration. All teachers strive to foster confidence, perseverance and creativity in their students.

MANAGEMENT

He believes that we have a visionary team of pro-active leadership at LVS who are supportive, enthusiastic and encouraging. They are constantly looking out for new ways to take the school to the next level. They are continually upgrading the infrastructure facilities at LVS and providing a vibrant work culture.

ATMOSPHERE

He believes that in spite of the huge numbers, we are still able to manage a lot of purposeful and enriching activities. We have focused students who have clear cut goals in life. He mentioned that despite being obedient, sincere and respectful, students need to work on their communication skill to lead a successful life.

BEST THING ABOUT THIS SCHOOL

We have a large number of students still we are able to manage everything in a systematic manner with excellent overall discipline and a positive environment.

OPINION AND VIEWS ON INTER SCHOOL EVENTS

It helps in the holistic development of an individual which is an integral part of life. It gives the students an opportunity to exhibit their inherent talents. It teaches us to be graceful and humble during victory and gracious in defeat. It builds teamwork, acceptance, patience, hard work and provides opportunities for creativity and collaboration. It instils confidence, enhances twenty first century skills and life skills.

ACADEMICS IN FUTURE

He wants to further strengthen the academics through teacher orientation programme, workshops, micro and macro teaching as it enhances the teaching methodology. Focus on syllabus completion, integration of subjects, assessment and feedback will be further strengthened. Skill based education alongside training of Life Skills and Twenty-First Century Skills will be encouraged. Aim to further encourage enquiring minds and foster a life-long appreciation of independent thinking and learning will be promoted.

SPORTS IN FUTURE

We will encourage inter class and inter house games along with proper team formation and more preparation time for CBSE Clusters. Students will be encouraged to participate and excel at the State and National Level Competitions.

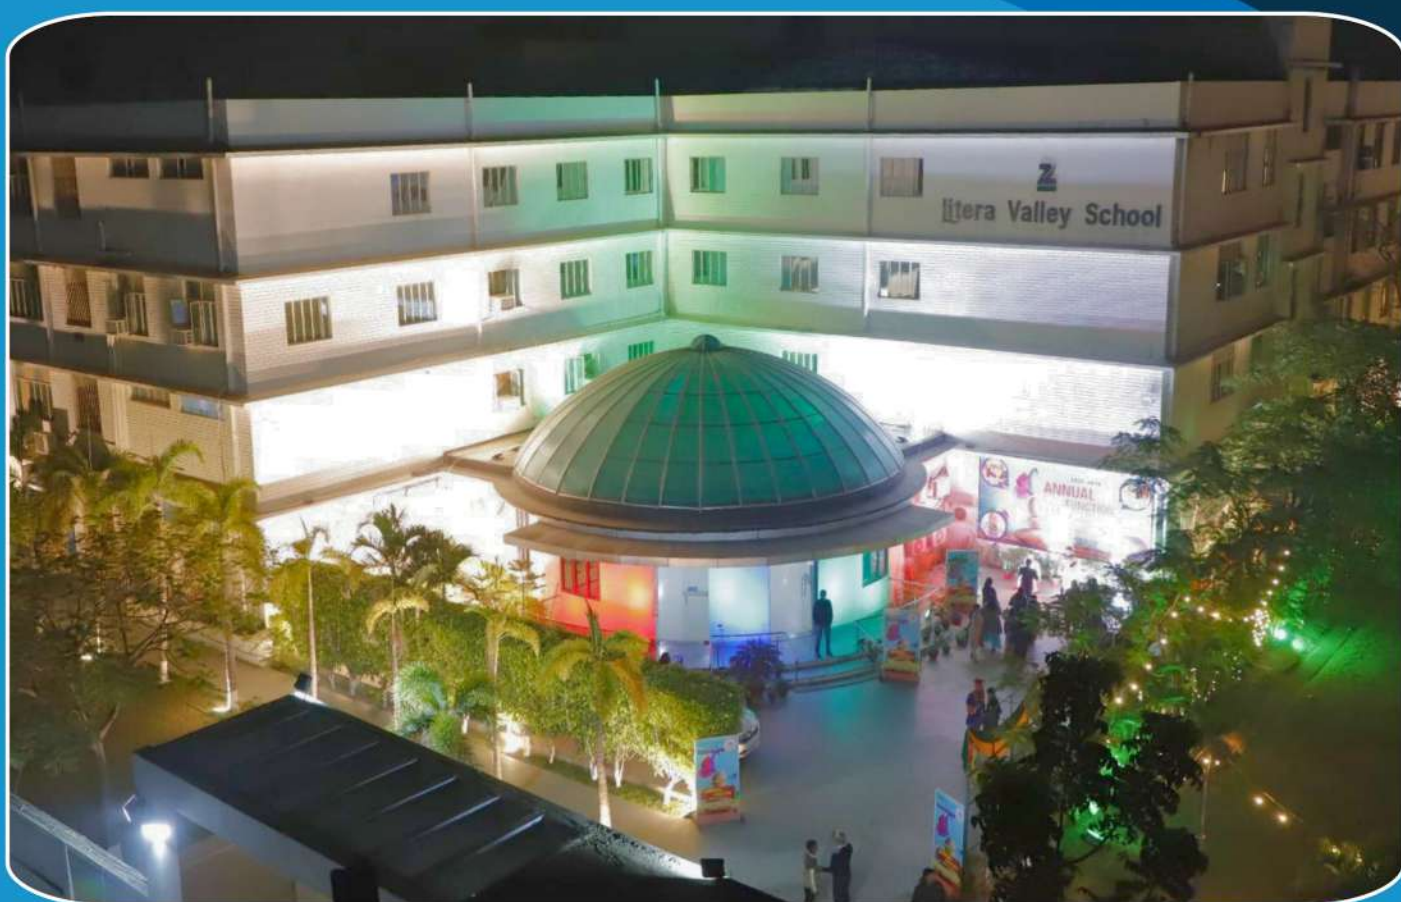

CO-CURRICULAR ACTIVITIES IN FUTURE

We will have more club activities to further strengthen the existing club system. We will have more teaching about AI, STEAM and Robotics. We will have a LVS news segment along with live shows for students who are interested in media and communication.

MESSAGE FOR PARENTS

I acknowledge your invaluable support and involvement in your child's education. I assure you of my unwavering commitment and dedication to ensure that your child receives a positive and nurturing environment that ensures that s/he will excel in both academics and co curricular activities. I look forward to building a strong parent-teacher association where we can work collaboratively in ensuring your child's success.

FUTURE PLANS TO EXCITE STUDENTS

It is a privilege to head LVS and a huge responsibility to provide the best all-round education which is both experiential and holistic with an aim to prepare young minds for happiness and success in their adult lives. Keeping this as a focal point, I'd like to provide opportunities for experiential learning by encouraging students to participate in field trip studies, factory visits and internships during holidays. Will provide more opportunities for Inter House Sports and Co-curriculars, Intra Class Sports and Co-curriculars. There are plans of setting up Atal Tinkering Laboratory and Skill Hub for promoting scientific temper and skill based education at LVS.

MESSAGE FOR STUDENTS

Dear Students each one of you is unique, special and amazing. You are multifaceted, multitalented and versatile. I urge you to actively participate in all the activities that school offers, be it sports or co-curricular events or Inter School Competitions; cause these participations will be etched in your memories forever. Please don't miss out on these opportunities.

I'd like to quote the lines from the poem 'A Psalm of Life' to motivate you-

*Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sands of time*

When you leave LVS after the completion of your schooling, you should have contributed richly to the ethos of the school that every student would like to emulate you.

DEUS BENEDICAT ! (God bless you !)

RENDEZVOUS WITH THE HEAD MISTRESS

Our Headmistress Ms. Sujata Bhadani is an intellectual personality, she has made a place for herself among the students who often look up to her for support. Students have the assurance that going to her will solve all their problems, one of the major reasons why she is highly respected among the students. Rumours say that she is quite strict which she believes, is a good thing! She is a diligent lady who absolutely adores her work. She is extremely open to the feelings of students as she loves to work with children. In the short span of two and a half years that she has spent here, she feels that our school is a lovely place with a beautiful campus, very well selected teachers and a fine support system.

She believes that we have a visionary leadership in our honourable Chairman Mr. Amit Prakash. All these add up to a rich environment with a fine balance between co-curricular and curricular activities. She quotes, "Litera Valley School is a place open to something for each child."

She firmly believes that each and every day our school improves and grows especially in transparency among the students and the teachers. Also, every upcoming session we take a sharp jump in academics with a high standard of examination process going on to improve student's level for a competitive atmosphere. Even selection processes for various activities have been converted into a fair & systematic manner.

According to her, the best part about our school INTERNALLY is that we have a fearless environment with absolutely no monotony present which just elevates kids to have a joyful and fun school life. This is something she absolutely loves about our school and wants to appreciate. She holds a good initiative in the zone of activities for kids done in a very organised manner, whether it is a Wednesday activity or variety of clubs on Friday. All of these are like a fresh break from our academic stress. The standard of toughness of exam papers have been increased to help the students prepare for future.

Her main determination is towards getting things done in an organised manner as far as possible. Her views on the importance of balancing academics and non-academics is that according to her, co-curricular holds much importance in shaping the overall personality of a child. It is something that gives a child AN EDGE! She personally believes that a parent should never over stress for marks. Both academics and non-academics are something the school focuses on, as they are also part of the NEP.

When asked, how she balances and manages being strict but not too strict, involved but not too involved. She mentioned that she herself follows the rule of "NO MICRO MANAGING" or disturbing the work. Instead, she prefers to get the things done in a systematic manner. She says that to have the "Balance" you need to be open to suggestions and open to criticism. You have to work according to the situation and learn those social and leadership skills that a lot of students need to inculcate. Her message for students- "SHINE ON!!!"

WE ARE AT THE CREST AGAIN!!!

*Litera Valley School once again bagged the position of **Leading School in Patna East!! ET Industry Leaders Bihar, 2024 award.***

This is a testament to the visionary leadership and dedication towards education, of our Chairman Mr. Amit Prakash and a moment to rejoice the leadership of Chairperson Ms. Anjali Singh, Litera Valley School is a cut above all the other schools of high repute in the region, is what has repeatedly been acknowledged by one and all.

*This one is just another feather in the cap of **Litera Valley School** and one more reason for each and every member of the LVS family to be proud.*

Litera Valley School, Patna is Ranked No. 1 in Patna under the category - CBSE City Wise in a survey conducted by Education Today.

INTER SCHOOL SPORTS EVENTS 2023

Inter School Sports events bring together various schools from the region, creating an atmosphere of fierce competition, camaraderie, and sportsmanship. Interschool Competitions provide students with the chance to showcase their talents. Inter school contests allow students to develop and use their skills in a variety of areas. Students can improve their talents and become more skilled in their chosen areas of interest through preparation, practice and competition. Engaging in Inter- School Competitions foster a healthy sense of competition among students. It encourages them to strive for excellence, push their boundaries, and continuously improve. Participating in Inter-School Competition promotes personal growth and development. It allows students to break their comfort zones, face challenges, and develop their sporting abilities. They learn to manage their emotions, handle pressure and overcome obstacles. This helps in building their social skills, developing new friendships, and expanding their networks. Collaborating with students from diverse background enhances their cultural understanding, teamwork abilities communication skills. Inter School Competitions often offer recognition and awards for outstanding performances. Winning or receiving recognition in a competition can boost students' confidence validate their efforts, and provide a sense of accomplishment. It also creates a positive reputation for the school and raises it visibility in the academic or extracurricular field.

UPPER PRIMARY WING (Grade 3–5) LEARNING BEYOND TEXT BOOKS

A school is a garden where students are flowers and teachers are the gardeners who nourish them with care and make them blossom with their own beauty. Every student is different and possesses unique quality. And school is a place where a student finds an opportunity to bring it out through a Co-curricular activity.

In this regard, Litera Valley School, has always been the forerunner to provide a platform to the students to showcase their talent and unique quality. Objective of Co-curricular Activities is to develop critical thinking, problem solving and reasoning skill. When it's merged with academics it helps the students to learn effectively, improve oratory skills. It helps in building self-esteem and leadership qualities.

The Upper Primary Wing has organized several activities throughout the year to make the learning fun loving and fruitful like; 'Cooking without Fire', 'Rakshabandhan Celebration', 'Poetry Recitation', 'Hindi Kavya Path', Chess Competition', Summer Camp', Best out of Waste' Christmas Celebration (Cards and Santa making) and many more. They create an orchard of learning which always opens the door to exhibit and upgrade their skills and making learning exciting for the young Literians.

SUMMER CAMP 2023

Summer Vacations clear our souls, refresh our minds and enthuse our spirits. What better than attending a well planned Summer Camp supervised by loving teachers, in the comfort of the school premises!

Litera Valley School conducted a Summer Camp for Classes 1 to 9 from 15 May 2023 to 20 May 2023. It was enjoyed with great enthusiasm by about 1200 students. The Camp included numerous activities, both informative and interesting.

The entire school was agog with joy and excitement as students, divided into groups, cooked, played, performed little acts, honed their artistic skills through painting, art-work, music and dance.

The activities had lovely names too.

- Pool Pacers (Swimming)
- Recipe Hunters(Cooking without fire)
- Artzilla(Art & Craft)
- At the best(Dance)
- Hit the Goal(Football)
- Royal Challenge (Chess)
- Tell a Tale(Story Telling)
- Smashers Club(Badminton)
- Expressions Unspoken(Dramatics)

The programme ended with a Grand Finale on 20 May 2023 'The Culmination' where all the participants came together to showcase what they had learnt. It was a fun packed week for the Literians and the entire school premises reflected the fun of learning.

EMPOWERING TOMORROW'S LEADERS

The Investiture Ceremony

Leadership fosters an environment of guidance and inspiration, nurturing essential skills like responsibility, teamwork, and decision-making. Strong student leadership cultivates a sense of accountability and empowers individuals to contribute positively, shaping a vibrant and inclusive school community.

On Friday, 28th July, 2023 the Investiture Ceremony at Litera Valley School, Patna, was a momentous event where the entire student council, spanning classes 3 to 12, took their oath. Chaired by Chairman Mr. Amit Prakash and graced by Principal Dr. John Harrison, Headmistress Ms. Sujata Bhadani, and esteemed guest Mr. Manish Priyadarshi, a former IPS officer, the ceremony held immense significance. All council members were adorned with their badges, symbolizing their responsibilities.

The gathering resonated with inspiring speeches from the Principal, Chief Guest, Head Boy, and Head Girl, illuminating the council's role in shaping the school and the country's future. With solemnity, all council members pledged their commitment, as the Principal administered the oath. The event encapsulated the school's ethos of leadership and responsibility, marking a pivotal moment in empowering students to contribute actively to the school's growth and welfare, and thus, shaping leaders who will help Mother India prosper and grow.

INTERSCHOOL EVENTS

FLAIR 2023

Culture opens the sense of beauty*

This same beauty was apparent at FLAIR - An Inter School Cultural Festival for Primary Students which witnessed approximately 500+ participants competing against one another in 9 disciplines, some of them were Sargam, Rainbow, Off the Cuff, My Idol, Rachna, Rhythm and Navras, spread over 2 days. The two-day festival was celebrated with great fervour and gaiety at the Litera Valley School on August 4-5, 2023. The Chief Guest for the event was Mr. Sumit Kumar, Deputy Secretary, Social Welfare Department, Government of Bihar, who enlightened the young participants with the importance of perseverance and honesty in life, which eventually leads to success. Eminent judges, who were all experts in their respective fields, graced the occasion and had a tough time in making their final decisions as the level of competition in almost every discipline was quite high. Director cum Principal, Dr. John Harrison and Head Mistress Ms. Sujata Bhadani congratulated all the winners and handed over the trophies and the certificates to the participants. Litera Valley School, Patna was the overall winner with St. Michael School as the 1st Runner Up and St. Joseph's Convent as the second Runner up

SUPER-SMASH, SUPER-SPLASH & GREAT MOVE 2023

'A lesson in Sportsmanship is a blessing for a lifetime.'

Endorsing this adage, Litera Valley School Patna organised SUPER SMASH (**Badminton**) and GREAT MOVE (**Chess**) a Two-Day Interschool Event on 21st and 22nd July 2023. Twenty reputed schools of Patna participated in the Competitions. The Director cum Principal Dr. John Harrison declared the Event open on 21st July 2023. The matches exhibited the skills, expertise, grit and gumption of the young players from Classes 3 to 12. Utilizing the brilliance of chess to cultivate minds with critical thinking, concentration, and decision-making coupled with the agility, fitness, smart reflexes and sportsmanship of badminton, Litera Valley School campus was thronged by student participants from the top schools of Patna to participate in these 2 Major Inter-School Championships. Mr. Ashok Choudhary, Minister-Building Construction Department, Government of Bihar, was the Chief Guest for closing ceremony on 22nd July 2023. Giving away the prizes to the achievers, Mr. Choudhary motivated them to put in their best in whatever they did. The programme was also attended by Mr. Amit Prakash, Chairman, LVS. Mrs. Sujata Bhadani, the Headmistress proposed the Vote of Thanks. The camaraderie among the participants was exemplary. Ability is what we are capable of doing whereas motivation determines how well we do it. Our accomplished and brilliant swimmers from top 10 schools of Patna participated in SUPER SPLASH, **Swimming Competition** on 5th August 2023. The event commenced with the oath taking ceremony by the students of various schools, followed by the words of encouragement by our honourable Director cum Principal, Dr John Harrison!!

LITFEST – 6

A 2 Day Mega Event

Swadha Kashyap, 12-D

AN INTER-SCHOOL EXTRAVAGANZA: CULTURAL BRILLIANCE OF STUDENTS OF PATNA UNVEILED

With the same zeal and enthusiasm that has marked the hosting of five previous litfests, Litera Valley School proudly inaugurated the two days inter school extravaganza Litfest 6 on November 3, 2023. Several schools arrived accompanied by the escort teachers. The respected judges graced the occasion with their esteemed presence. Our revered Principal officially inaugurated Litfest 6 initiating a day filled with excitement and wonders.

Events unfolded across various venues. Sargam (a choir competition) and Rockathon (an English musical band contest) captivated the audience with their enthralling performances resonating the theme of world peace, in the auditorium. The centre stage showcased character dramatization while Ad Mad and Dawat-e-millet delighted with creative prowess creating exotic dishes.

'Off the Cuff' and 'Flipped' conducted in the Senior Library exhibited oratory skills, while 'Fluid Pen' and 'Kalp Shrishti' immersed participants in the world of words. In the Prishilla, Sandesh showcased dedication and creativity.

The competitions were graced with the presence of distinguished judges. Mr. Siddhi Shankar, Ms. Madhuri Kumar, Mr. Richik Sinha, Dr. Shailaja Sinha, Dr. Sunita Prakash, Dr. Ranju Sinha and Ms. Supragya. Their expertise and experience added a valuable dimension to the event.

Day 2 brought the excitement to a grand culmination in the auditorium.

Jasan-e-Patna showcased Patna's rich heritage offering a delightful glimpse into our beloved City through reels made by different schools. Spectrum a quiz contest saw intense rounds. While 'Utsav: going global' a group dance contest infused the auditorium with life, cheers and energy exhibiting different dance forms around the world.

The judging panel included – Ms. Richik Sinha, Dr. Archana Choudhary and Ms. Yamini. The event truly reflected the boundless realms of creativity, the exuberance of youth and the vibrant spirit of the young minds and provided students with a comprehensive experience, highlighting diverse areas of knowledge and skills. Our respected Chairman, Mr. Amit Prakash and Chairperson, Ms. Anjali Singh motivated the participants with their presence. Mr. Desmond D'Monte, the Principal and Mrs. Sujata Bhadani the Headmistress congratulated all the winners.

The closing ceremony marked the end of the two-day LitFest 6 with Litera Valley School proudly clinching the winner's trophy for the sixth consecutive year with Notre Dame Academy as the runner up

The friendly spirit amongst the participants was exemplary and the day ended with promises to meet again next year. A fitting end to an eventful and memorable LitFest.

INTERHOUSE COMPETITION

To develop sportsmanship and team spirit among the young Literians, the school organises Inter House Competitions on Wednesdays, in the Activity Period. The activities are well planned and mentioned in the Almanac. The popular Inter House Activities conducted this year were Poster making, Solo Dance, English Debate, T-shirt painting, Rangoli Making, Tweet Size story and Just a Minute. The winners brought glory to themselves and their respective houses.

At the end of the Session the HOUSE SCORES are as follows:

AGNI: 9625

Aakash: 9100

Dhanush: 6295

Prithvi: 4290

Inter-House sports competitions are important to build moral and team spirit. They also teach students valuable lessons like leadership, discipline and courage which are essential qualities to be successful in life.

On 18th and 20th October our school organized an inter-house football tournament between the four houses: Prithvi, Agni, Aakash and Dhanush.

On 18th October, first match was played between Agni and Aakash. Score board remained nil for a long time. Both teams were giving their best, but at 16th minute of the match, a free kick goal from half line by Aarya Shishir(12B) of Aakash House resulted in Aakash team winning the game by 1-0 and making a place in the finals.

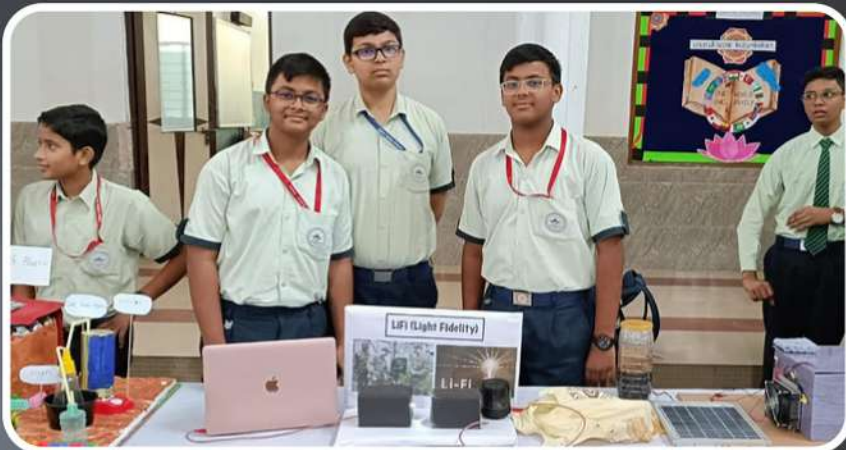

2nd match was played between Prithvi and Dhanush teams. Team Prithvi was dominating the game from the beginning. Hardik scored a goal leading the team Prithvi with 1-0. Dhanush team made several attempts to score but in vain. A header goal by Rohit Raj(11E) ensured team Prithvi's victory by 2-0.

On 20th October, two games were played. Finals between Aakash and Prithvi and 3rd place match between Dhanush and Agni.

Agni secured 3rd position in the tournament by defeating Dhanush in penalties (2-1).

In the finals Aakash completely dominated the match and won by 3-0 defeating Prithvi. All three goals were scored by Rishav Ranjan making him the "star of the tournament".

The matches were not only exciting and entertaining but proved to be a learning experience for the players and spectators alike.

INNOVATION DAY

The Innovation Day Celebration at Litera Valley School, Patna on 28th October, 2023, was a resounding success as parents, students and teachers were witness to an array of models. It aimed to foster creativity, problem – solving skills and a passion for innovation among students. It was meticulously planned by a dedicated team of teachers and students of Classes 6 to 12. Students were given the opportunity to present their innovative projects and ideas at an Innovation Fair, which included exhibits of science projects, technological innovations, art installations and more.

Innovation Day celebration was a testament to the commitment of the school to nurture creativity and foster an environment of exploration and innovation. It not only showcased the incredible talent of our students but also encouraged them to think critically.

The event has become an integral part of our school's calendar and the students eagerly anticipate the Innovation Day every year..

स्पिक मैके प्रस्तुति

18 जनवरी 2024 को, लिट्रा वैली स्कूल के 'शांति निवास सभागार' में सांस्कृतिक विरासत को बढ़ावा देने हेतु एक महत्वपूर्ण राजस्थानी सांस्कृतिक सत्र का आयोजन किया गया, जिसमें राजस्थान के विख्यात संगीतकार कुटला खान जी तथा उनकी मंडली ने अपनी शानदार प्रस्तुति दी।

यह कार्यक्रम लिट्रा वैली स्कूल के छात्रों को भारतीय संस्कृति की अमूर्त दुनिया में ले जाने का एक महत्वपूर्ण प्रयास था। कुटला खान जी ने अपने माहिर संगीत और राजस्थानी लोक नृत्य के माध्यम से छात्रों को एक अनूठे सांस्कृतिक अनुभव से परिचित कराया।

आज का कार्यक्रम हमारे छात्रों को राजस्थानी संस्कृति की अनमोल धरोहर के साथ मिलकर उसकी समृद्धि को समझने का अवसर प्रदान करता है। हम चाहते हैं कि हमारे छात्र इस सांस्कृतिक सत्र से उत्साहित होकर आगे बढ़ें और इसे अपने जीवन में स्थान दें।

पारंपरिक पोशाक एवं रंगीन पगड़ी में सजे-धजे कुटला खान जी और उनके साथी कलाकारों ने गणेश - वंदना के साथ प्रस्तुति का शुभारंभ किया। 'निम्बूड़ा-निम्बूड़ा', 'मस्त कलंदर' तथा अन्य राजस्थानी लोक-गीतों और लोक-नृत्यों ने दर्शकों को झूमने के लिए मजबूर कर दिया। तबला और खरताल की जुगलबंदी ने खूब तालियाँ बटोरीं। राजस्थान के लोक-संगीत के साथ-साथ कालबेलिया नृत्यांगणाएँ सुश्री निशा तथा सुश्री कविता जी ने 'कालबेलिया नृत्य' तथा 'घूमर नृत्य' की शानदार प्रस्तुति से कार्यक्रम को और भी रंगीन बनाया। छात्रों ने नृत्य और संगीत के माध्यम से भारतीय सांस्कृतिक विरासत को समझा और उसे आत्मसात किया।

इस अवसर पर विद्यालय प्रधानाचार्य श्री डेसमंड डी मोंटे, विद्यालय संचालिका श्रीमती सुजाता भदानी, विद्यालय अनुशासन प्रभारी श्री अमिताभ चौधरी तथा विद्यालय गतिविधि प्रभारी श्रीमती पुष्पा सिंह ने अतिथि कलाकारों को स्मृति चिह्न भेंट स्वरूप प्रदान कर उनका स्वागत किया।

विद्यालय के सभी शिक्षकगण तथा विद्यार्थी इस कार्यक्रम के प्रत्यक्षदर्शी रहे। राष्ट्रीय गान के साथ कार्यक्रम संपन्न हुआ।

Christmas Carnival

The arrival of December reminds us of Christmas at the very first place. Our school organized Christmas Carnival on 23rd December 2023. The enthusiasm of which was visible in students beforehand. The ground transformed into a vibrant hub of festive activities. The event was marked by an open fate concept. The diverse range of food stalls made everyone go crazy to taste the delicious dishes and desserts. The fun segment of the event was the game stalls along with the jukebox adding flavor to the joyous day. The students performed rap and choir. Not just this the main and the exciting part of the event was the DJ keeping everyone's energy high by dancing our hearts out. Our Chairman, Mr. Amit Prakash and our Chairperson, Ms. Anjali Singh also joined us. The students along with all the teachers, management and the head of our institution were also seen living the moment. Overall, it was a wonderful day leaving us with lots of memories which will always be cherished. Christmas Carnival gave a good farewell to the passing year.

Tarumitra Visit

"Nature is not a place to visit, it is a home."

Nature provides enough to satisfy the needs of every human, and as worthy children of nature, we should always strive to give it back. On the 27th of September 2023, the student members of the environment club were taken on the marvellous excursion to Tarumitra Bio Reserve, to get to know more about their environment. The students along with the teachers had an amazing time with the members of the bio reserve and were overjoyed to see the plants in their natural habitat. A special thanks to the members of the bio reserve who were extremely kind and compassionate towards the students and nurtured their seeds of curiosity to beautiful tall plants. The students were also provided with refreshments from the reserve along with individual gifts; a plant to call his/her own. Overall it was a nice learning experience and provided an opportunity for all of us to feel nature in close proximity. We expectantly look forward to more such opportunities.

Homage to our Motherland

77th Independence Day was Celebrated with great pomp and show!

The Principal hoisted the flag and the Headmistress Ms Sujata Bhadani administering the pledge.

There was a wonderful cultural program with Choir, speech and dance. The surprise of the day was the announcement of Excellence Awards for the teachers serving the school sincerely for 10 years. There were 9 teachers in this category. Four teachers were awarded as the Best Teachers of the year 2022-23

Republic Day Celebration

The morning of January 26, 2024, marked a momentous occasion at Litera Valley School as the school gathered to commemorate Republic Day. The proceedings began with Principal Mr. Desmond D'Monte hoisting the national flag, symbolizing the essence of unity and pride.

The Principal, in his address, eloquently conveyed the importance of Republic Day, urging students to uphold the values enshrined in the Constitution. His words resonated with a call for responsible citizenship and a commitment to contribute positively to society. The audience, comprising students, parents, and distinguished guests listened with rapt attention.

The cultural tapestry of the celebration unfolded with a vibrant display of talents. The school choir, through melodious renditions, and students' Hindi poem recitations, showcased the richness of Indian culture. A thought-provoking speech in English delved into the constitutional values, highlighting the nation's journey towards progress. The event reached its zenith with captivating dance performances portraying the cultural diversity of India, and the school band's enthralling tunes, leaving everyone inspired and unified in the spirit of a vibrant and diverse India.

ASSEMBLIES

Assemblies are beautiful occasions for students to come together, express their abilities and learn from their fellowmates, therefore assemblies are regularly conducted in Litera Valley School.

The Pre Primary Wing came up with Special Assemblies for Janmashtami, Raksha Bandhan, Dushehra, Diwali and many other occasions with the tiny tots beautifully performing on stage wearing colourful dresses, appropriate to the themes.

The Primary Wing organised Special assemblies for May Day, Mothers' Day, Grandparents' Day, Teachers' Day, Children's Day and also on major festivals.

The Special Assemblies conducted by the Senior Wing focused on Incredible India with a series of presentations on the states of Odisha, Maharashtra, Kerala, Tamil Nadu and Karnataka. Important topics like Personality Development, Time Management, Importance of Technology were also taken up for special assemblies.

FIELD TRIPS

' Away from the routine of classroom learning is a world of life lessons for kids to imbibe from trips and tours'.

Bringing alive this statement Litera Valley School organised Field Trips for Classes 3 to 8. The lively Class 3 & Class 6 students had a joyous experience as they visited Sri Krishna Science Centre which proved to be a thrilling and motivating experience, learning and exploring science with a tinge of amusement and frolic.

The most anticipated annual treat for Classes 6 & 7 was their visit to Sanjay Gandhi Biological Park. The live wires of Class 4 visited the eco park to explore the beauty there. The field trips gave the students indelible memories for their lifetime.

The students of Class 8 embarked on an educational excursion to the Bihar Museum located in Patna. The excursion aimed at providing an enriching experience of Bihar's cultural heritage, history, and art.

ENJOY THE TRIP

CLUB ACTIVITIES

The right to education is universally accepted as a human right for all people. School clubs are an important aspect of the school experience and benefit students immensely. With diverse membership, clubs have become a hub for creativity, innovation and camaraderie.

Litera Valley school allows students to select a club of his/ her choice from a number of options: Science Club , Maths Club, Public Speaking Club, Dramatics Club, Cyber Club, Sports Club, Dance Club, Robotics Club, General Quiz Club, Art and Craft, Karate, Music: Vocal, Music : Instrument, Yoga, Innovation Club, and Green Warrior Club (Environment Club).

Every Friday for 1 hour they get the opportunity to pursue their interests and hobbies .All clubs are guided by experts who help students to develop valuable skills , to work in a team and problem solving skills which can be incredibly valuable as they navigate both their academics and professional lives.

Each club has been a beacon of creativity and collaboration throughout the academic year. Its more than a gathering. Students have learned western music, different asanas of yoga and participated at state level events. They have given wonderful presentations during summer camp as well.

One of the highlights of the year was the successful completion of the collaborative projects by the students of the Innovation Club who worked on AI Module and presented their project at the Annual Science exhibition. Maths club left an indelible mark on the participants. Student-attendance on Wednesday was the best throughout the Session 2023-2024.

SCHÖNHEIT DER DEUTSCHEN SPRACHE

Hallo, Guten Morgen! Ich bin Atharva Raj. Wie klingt das? Klingt großartig, richtig? So klingt die unglaubliche deutsche Sprache. Deutsch ist eine faszinierende, komplexe Sprache mit einem wichtigen historischen und kulturellen Hintergrund. Deutsch wird in Deutschland, Österreich, der Schweiz, Luxemburg und vielen anderen Teilen Europas gesprochen. Deutsch wird oft als Fremdsprache gelernt und ist eine der wichtigsten Kultursprachen der westlichen Welt. Im Deutschen gibt es viele Dialekte, weshalb der Aussprache unterschied zwischen den „zwei Muttersprachlern“ teilweise so groß ist, dass sie sich nicht verstehen können. Deutsch ist eine Sprache mit vier Fällen für Substantive, Pronomen und Adjektiv (Nominativ, Akkusativ, Genitiv, Dativ), drei Geschlechtern (männlich, feminin, neutral) so wie Verben und am Ende noch eine lächerliche lustige Tatsache über Deutsch, dass das Mädchen als neutrales Geschlecht (das Mädchen) gilt. Wir Schüler im Litera Valley haben großes Glück, dass unsere Schule uns die Möglichkeit gibt, mit Hilfe unserer geschätzten Deutschlehrer Deutsch als dritte Sprache zu lernen, wo durch ich mich dieses Jahr für eine Auslands reise nach Deutschland qualifizieren konnte.

BEAUTY OF GERMAN LANGUAGE

Hello, good morning! I am Atharva Raj. How does that sound? Sounds great, right? This is what the incredible German language sounds like. German is a fascinating, complex language with an important historical and cultural background. German is spoken in Germany, Austria, Switzerland, Luxembourg and many other parts of Europe. German is often learned as a foreign language and is one of the most important cultural languages in the Western world. There are many dialects in German, which is why the difference in pronunciation between the “two native speakers” is sometimes so great that they cannot understand each other. German is a language with four cases for nouns, pronouns and adjectives (nominative, accusative, genitive, dative), three genders (masculine, feminine, neuter) as well as strong and weak verbs and at the end a ridiculous fun fact about German, that the girl is considered the neuter gender (the girl). We at Litera Valley are very lucky that our school gives us the opportunity to learn German as a third language with the help of our valued German teachers, which enabled me to qualify for a trip abroad to Germany this year.

संस्कृत श्लोक

by Anwesita Sarangi
Class IX-B

श्लोक — उद्यमेन हि सिध्यन्ति कार्याणि न मनोरथैः।
न हि सुप्तस्य सिंहस्य प्रविशन्ति मुखे मृगाः॥

अर्थ — परिश्रम से ही कार्यों की सिद्धि होती है मन की इच्छाओं से नहीं। अपने कार्य को सिद्ध करने के लिए मेहनत करनी पड़ती है। जिस प्रकार सोते हुए सिंह के मुख में मृग स्वयं प्रवेश नहीं करता, उसी प्रकार केवल इच्छा करने से सफलता प्राप्त नहीं होती है।

श्लोक — क्षमावशीकृतिर्लोकं क्षमया किं न साध्यते।
शान्तिखड्गः करे यस्य किं करिष्यति दुर्जनः॥

अर्थ — संसार में क्षमा वशीकरण मंत्र है, क्षमा से हर कार्य सिद्ध हो सकता है। जिस व्यक्ति के पास शांति रूपी तलवार हो, दुष्ट उसका कुछ भी नहीं बिगाड़ सकता है।

श्लोक — प्रियवाक्यप्रदानेन सर्वे तुष्यन्ति जन्तवः।
तस्मात् प्रियं हि वक्तव्यं वचने का दरिद्रता॥

अर्थ — प्रिय वाक्य बोलने से सभी जीव संतुष्ट होते हैं। इसलिए हमें हमेशा मधुर वाणी ही बोलनी चाहिए। दूसरों को संतुष्ट करने वाली वाणी बोलने में संकोच नहीं करना चाहिए।

BOARD BLUES

by Shreyanjan Neogi
Class XII-A

Whosoever said, "High School is the best time of our lives" was absolutely right. Friends, teachers, cultural and sports activities: there is so much to cherish. But before we have the luxury of mourning the loss of friends at the end of High School, there remains the task of taming that bull, mildly called- "The Class 12 Boards Examination".

Nearly all the candidates burn out due to prolonged examination. Due to their prior experience of board examination, they are well acquainted with the reality that it's not an easy barrier to cross. It will require hundreds of dedicated hours, sleepless nights and stressful schedules. When fear of not meeting parental expectations and all other apprehensions get down to those few days of examinations, students often lose control. Their mental - physical integrity breaks down to crumbs.

The answer to all this is "SELF BELIEF". One should have the courage to fight for his or her future. With consistency comes confidence. Along with that, minute details also matter. Eating proper food, adequate sleeping hours and prioritizing mental health constitute considerably to examination preparation. We all pray for the excellence of all those candidates who are ready to engage their skills and perseverance to succeed in life.

Time is not anything which moves according to us , we move according to time. We don't judge time, time judges us. This whole life is made up of time. Gold, diamond, silver: are nothing in comparison to time. Time doesn't respect those who don't respect time.

Every second has its own value.

- Importance of 1 minute - Ask them who have missed their train for being late by 1 minute.
- Importance of 1 hour - Ask them who have missed their flight because of 1 hour road jam.
- Importance of 1 day - Ask a student who missed his day of examination. Missing one day of exam can affect his/her whole academic session.
- Importance of 1 month- Ask the mother whose baby takes birth before 1 month of full term delivery. Birth before 9 months can be risky for the mother and may impact the overall growth of the child throughout his life.
- Importance of 1 year - Ask them who got less marks or failed in board exams, their whole year was wasted.

In simple words : The time that is gone, will never return. It is better to utilize time properly than to feel sorry later.

How Big Is Our Universe

by Parth Raj
Class III-F

The Universe is everything that exists. It is made up of all the things that we see. There are also some things in the universe that we cannot see. The universe is too large to imagine. We live on a planet called Earth. Earth is a part of the Solar System. The Solar System is just one of the billions of solar systems inside the Milky Way Galaxy. Billions of Galaxies together form a Cluster and a billion of Clusters make a Super Cluster. The Universe is so big that we measure the distance between two galaxies in light years that is the distance travelled by light in one year. The nearest major galaxy is Andromeda Galaxy which is 2.54 Million light years away. Scientists believe that the universe began with a Big Bang about 13.8 billion years ago and it is ever expanding since then with the speed of light.

We are just a tiny part of the Universe. We should be humble and polite to others and we should never let our ego and anger become as big as the Universe.

BAD LUCK

by Shreyashee Singh
Class VIII-C

Once upon a time there lived two brothers whose names were Mohan and Rohan. Rohan was believed to be very lucky whereas Mohan was believed to be unlucky. Due to this Mohan literally lost faith in luck and thought of himself as a very unlucky person. On the other hand Rohan always used to depend on luck because he always thought of himself as a lucky person.

One day there was an audition for a dance competition. Rohan and Mohan seeing this great opportunity to show their talent, took part in the audition. Although Mohan took part in the audition, he was somewhat scared to lose it because he thought that luck wouldn't work for him. Yet he believed in himself and he started working hard without hesitation. Rohan wasn't even bothered to practice for the audition as he thought himself lucky and that he would definitely get selected. Days passed by. Mohan was working hard whereas Rohan was just chilling. After one week the day of audition arrived. Everyone was excited to see who would get selected. One by one everyone went and completed the audition and so did Mohan and Rohan. On the result day, Mohan was the only one from all the sections of the class to get selected. Rohan and everyone were really surprised. After that everyone clapped for Mohan and Mohan was very happy. On that day Mohan learned that one can bring back luck by doing work with care.

Moral of the story-If you want to be lucky then you have to work hard for that luck. Luck cannot be blamed for your failure.

ROLE OF FRIENDSHIP IN HIGH SCHOOL

If I had to describe or explain what friendship is in High School, I'd describe it as "The epitome of school life" or "The emotion of school life".

We often talk about how school life or High School in particular is a crucial part of each and every person's life which indeed is true. Let's now talk about the significance that the bond you make here plays in shaping your life or making it memorable.

The small moments that we are living today as students are going to create long lasting memories.

Friendship is the sun that brings warmth in our stressful atmosphere. Whether it's circling around the window, laughing your hearts out or wandering around the school campus for no real reason, rushing over each others lunch boxes or standing next to each other in every line: these little moments bring you immense joy.

High school has its own ups and downs and its own changes, things that people outside the world don't care about. It's good to have companions to share all your bothering thoughts.

Trust me, scores one gets are not the only things that will be remembered after school days are over. If you are in the last chapter of your school journey like me, enjoy the bliss created by the people who have been with you throughout the story.

Value and prioritise them,
the ones who make you chuckle when you feel low,
the ones who wait for you when the bell rings for the break,
the ones who check up on you when you keep your head down,
the ones who choose you over the new people they meet,
the ones who change the meaning of 'SCHOOL' to 'HOME'.

KEY TO SUCCESS

It is said that slow and steady wins the race,
So keep moving at your own pace.
It doesn't matter how long it takes,
As long as you don't hit the brakes.
The journey may be long and tough,
But have faith and don't give up.
Take one step at a time,
And success will be just fine.
Remember, it's not about the speed
but the determination to succeed.
So, keep pushing and never quit,
And you'll achieve your goals bit by bit
Sometimes it will feel that all is in vain,
But the most beautiful rainbows come after rain.
You may have fallen but like a phoenix
you will surely rise,
All the struggles will make you wise.
If you can smile through your pain,
With time you will surely see the gain.
Have faith and don't give up
It's your dream buckle up.

A JOURNEY TOWARDS INNER PEACE

I want to run away
To a place which is completely new
To a place where no one would have a clue
To a place where joys seem true

I want to run away
Somewhere I can find peace
Somewhere I can sit in ease
Somewhere no one points my flaws
Somewhere I can feel free

I want to run away
Where it's just I, me, myself
where I can stare at the sunsets
And gaze upon the stary skies
I just want to run away

THE LION & THE JACKAL

Once a jackal went to a lion and pleaded, "Hey king of the forest! I am very much interested to serve you loyally." The lion too accepted and made the jackal his servant.

by Saaranish Suman
Class III-E

True to his word, the jackal served the lion with sincerity and loyalty. He kept watch on animals and gave clues to the lion. The lion attacked the animals and gave the leftovers to the jackal.

Days passed. The jackal grew fat and healthy by eating what was left out. He became greedy and went to the lion and said, "From now on I shall make my own hunt." The jackal went for hunting. He saw many animals, but he was not interested. He waited for some big animal to pass by. A big elephant came that way. The jackal thought, "Aha, now I've got my meal." He leapt to attack the elephant. But do you know what happened; the elephant threw away the jackal with his trunk and gave him a nice thrashing. The poor jackal ran away for its life.

MORAL: NEVER THINK TOO MUCH OF YOURSELF.

INDIA'S HERITAGE, A TIMELESS TAPESTRY

by Arnav Raj, Class VIII-A

In India's land, where history does unfurl,
Rich culture and heritage, a timeless pearl.
From ancient times to modern days, we see,
A tapestry of traditions, diverse and free.

Intricate artistry in temples that rise high,
Stories etched in stone that touch the sky.
Myriad Gods and Goddesses we revere,
In temples, mosques, and churches, they appear.

Our festivals, a riot of colors and sound,
Diwali's lamps, Holi's joy, all around.
Eid's feasts, Christmas cheer, and more,
A celebration of diversity we adore.

Languages spoken, a countless array,
Each with its music in its own unique way.
Sanskrit, Hindi, Tamil, and Punjabi's grace,
In linguistic beauty, India finds its place.

The silk sarees of Kanchipuram's embrace,
Or the vibrant turbans in Rajasthan's space.
Each attire tells a tale of history's sweep,
A legacy of style, in fabrics keep.

Ayurveda's wisdom, yoga's tranquil art,
From ancient sages, to train the heart.
Wellness and balance, in body and mind,
In India's heritage, true treasures we find.

From the Himalayan peaks to Kerala's shore,
India's beauty and culture, we explore.
A land of unity in its rich diversity,
India's heritage, a timeless tapestry.

BIHAR – A PREFACE

Heritage, culture and Bihar;
Always near, never too far
Like branches of a single tree -
Entwined, we can always see.

With districts counting Thirty-eight,
And each being a plenty in taste;
With languages as distinct that they are,
And, oh dances that hold in so much power.

This is not even the start,
In this mighty land of Bihar.

So, now let me give you a tour,
This land is great, I assure,
With greater people on the streets,
Greeting us with greatest Mithila 'Lok geets'!

And the more as we now look up to see,
The more this heritage seems to be;
With a thousand deities that are shown,
And many stories that lie unknown.

And it has a history with craft;
Making wooden toys since long in the past,
And the clay pottery, who could forget?
The Madhubani paintings! Here were started.

And if you can look in the correct way,
The Buddhists and Jains are siblings, I'd say
For Bihar is both these religions' mother,
So very glorious, oh! there is no other.

There are roots of the Jataka tales,
And also, the Mahabharat's trails.
If I were to enlighten you,
I'd say, "Read the Ramayan too."

Bihar's Vibrant, virtuous and victorious
Now tell me really, aren't you curious?

For if Bihar was a really long account
Then this is just the foreword page
And If I were to read it all out,
It would take me an age!

HETEROGENETIC BIHAR

Disparate cultures we discover
Various Prejudice we conquer
Disparate Festivals we admire
Welcoming the diversity in our attire

Land with a rich tapestry
of stories, languages and history
People with a will to survive
a legacy of strength and pride

Chhath, Diwali, Eid - festivals of devotion
Eyes filled with hope and heart with emotion
A place of love, affection and care
Our rich heritage too needs a share

SIDE TO SIDE

by Lakshya Krishna Jaiswal, Class XII-A

Before the big Bang theory
There was no up
There was no down
There was no side to side

There was no light
There was no dark
Nor shape of any kind

There were no stars
Or planet Mars
Or protons to collide

There was no up
There was no down
There was no side to side

And furthermore,
To underscore
This total lacking state
There was no here
There was no there
Because there was no space

And in this endless void
Which can't be thought of as a place
There was no time
And so no passing minutes, hours, days

Of all the paradoxes
I think this one's the greatest
This time before events

Because how did we get from nothing
To infinitely dense?
From immeasurably small
To invincibility immense

But before we get unmoored
From the question at the start
Let's take a breath and Marvel
WHEN MATHS BECOMES AN ART

Because we don't have to understand it
To know there was a time,
When,
There was no up
There was no down
There was no side to side

Precious Time

by Pratyusha, Class III-B

Time is a jewel,
to make our lives 'all- is- well'.
It has power to put us on top
Its hands go 'hop-n-hop'.

Fix your goal and manage time,
Time is first and nothing is prime.
Time can earn money,
And is everybody's honey.

As it is more precious than jewelry,
Its proper management makes success early.
Time has no beginning and no end,
Let's make time 'a friend'.

'Respect time.' It's necessary for progress,
Proper management will reduce our stress.
We have two hands and time has three,
Utilise time, for it makes us tension free.

IMPORTANCE OF TIME

by Naitik Singh, Class IV-D

Time is the most important factor for the progress of human beings, time is running continuously. Time once gone is gone forever. It never comes back. Time gives opportunity to all. It doesn't say 'NO' to anyone, the poor or rich, young or old, healthy or sick. It is equally important to all.

Time and tide wait for no one. Time is precious. We can buy everything with our money but time can't be bought. Time can be divided into the present, Past, and future. Past is Past. It has already gone. We should learn from the past experience. The present is important for us. If we utilize the present time properly, our future automatically becomes bright. We should not waste our time by doing unnecessary things like playing cards, gossiping about other people, watching films, etc. We should utilize our time doing creative work like reading good books, helping our family members, working, etc. Time is more important for students. They should utilize their valuable time properly. Those students who utilize their time wisely will get great success in life.

VALUABLE *Time*

by Ayaan Usman, Class V-A

Time isn't just a word, Right?

It's sometimes a moment a period an hour or the whole life.

Like a passenger in the bus, it passes by

The world itself carries events of love, joy of laughter.

Pain and grief, the before and after

The Summer with cool ice cream

The heavy rain in monsoon

Time holds it all like the pleasant winter noon

What is time?

The only thing that doesn't stop

The happiest moment goes by faster and in pain, it stops

Time is beautiful as well as hard

Enjoy it till life falls apart.

HEALTHY MINDS

Everyone tries to find ways to be fit physically, for their bodies to look good. But what about the mind? The heart? According to the WHO, one in seven, between 10 to 19 years, experiences a mental disorder, accounting for 13% of the global burden of disease in this age group. Anxiety, depression, ADHD, and eating disorders are a few common issues among the youth.

by Gunn Arora, Class XII-C

Teenagers constitute 16% of the world population, but 100% of the future population. Mental health is equally important as physical health. One of the best-proven solutions for such disorders is communication. Talking to parents, friends, and professional advisors like therapists or psychiatrists is the easiest and best way to improve such conditions. Students must have stable mental health as it could affect their studies and ultimately, their future. Schools should consider implementing counselling services, creating a supportive and inclusive learning environment, providing mental health education, and promoting open conversations about mental health. By prioritizing the mental well-being of their students and equipping them with the necessary resources and support to manage any difficulties they may encounter, schools can have a positive impact on their students' lives. School should also promote keeping up hobbies and healthy lifestyle habits like meditation, journaling, etc.

The potential stigma in our society; "It is shameful or unnecessary to talk about mental issues openly" is a huge taboo. We need to prove this wrong and make this world a peaceful place for students.

As Albus Dumbledore once said, "Happiness can be found even in the darkest of times, if only one remembers to turn on the light."

SAMAITH and the Conquering AI

by Aditya Kumar Azad, Class X-B

Dear Diary,

362/2226

I still remember the days, when we lived on Earth. We all were pure humans. We lived, we died.

Fast forward to the present time.....Now, we live on Kromat 72-2 where every person has at least one robot body part. No one's a slave or lower than anyone else. All the work is done by AI and humanoids, people only do the monitoring work. I still feel sad that we had to leave Earth.

Unfortunately, all our energy resources on the Earth were over. Thus to overcome the situation we tried to find a powerhouse. We found a perfect place, a neutron star, which we named Kromat 72. Due to the fast environmental changes, earth became uninhabitable. We saved as many people as we could and brought everyone to the powerhouse Kromat 72.

Now the problem was that Kromat 72 wasn't a place one could live on, as it was a star not a planet. So with great efforts, we slowly built a whole outer layer of rocks where we might be able to live, but the first attempt failed. We were only able to make the powerhouse habitable when we tried the second time. That's where the 2 comes from in Kromat 72-2. We renamed it, as, it was now a planet not a star, the core of the planet is still called Kromat 72.

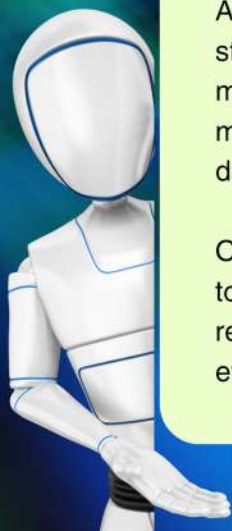

A touching topic this – I don't know if I was the savior or destroyer of humanity. It was only due to this technology that we had to leave our earlier planet "Earth" but it was also due to the technology and the hunger for its energy that we were able to save so many people.

Well let this remain a mystery, I don't want to regret my life's decisions for another year. I would like to end my diary here.

The diary closed and the pen was put down. Stretching his hands, we could see an old man with a robotic hand and a robotic arm. He looked like he was in his 70s but we do look through our prehistoric eyes. Through the eyes of a modern robo-human, he was at least in his 170s. His exact age was 176 and he was affectionately called sci – Arnold.

A complete revolution around a star by a planet is called a year. Now, the robo – humans lived on a star, therefore they had a different system. Arnold had an hour glass in which if the sand ended, it marked his birthday. Thus, a complete earth year from his previous birthday. It was the only tool left to measure time. Thus, Arnold's birthday marked the New Year at Kromat 72-2. His birthday was in 3 days and so was the New Year.

On the night of 365/2226 the robot-humans and humanoids enjoyed and celebrated the New Year together. The next day on 1/2227 they celebrated Arnold's birthday. He was special for an another reason – he was the connecting link between robots and humans, as he was the only human to have ever created a humanoid, as later humanoids were built by other humanoids.

The gift that people gave Arnold was in the form of 'a free space vacation' on all the planets revolving around Kromat 72-2. The robots claimed that they had something even better.

SAMH (Simulated AI Machines Head) said that "we have a better gift. Arnold, you are already 177 years old, what is the need of a vacation. You need to retire. We shall give you peace. I will become the new head of the planet and we the robots will rule the world. Now, you will become slaves and we will enjoy. Arnold, we have made a retirement package for you in a jail." Every single person on the planet was frightened and shocked at this remark.

The robots took over the planet; there wasn't much the people could do as the robots already had everything planned.

Arnold got a big cage to live in with two other people for the rest of his life. Many more were squished in other cages. Arnold lived with his brother, best friend and was guilt stricken. They were the only ones who didn't have to go for work as they were very old. Otherhad to do manual labour just because the robots wanted to see them suffer. Each day when the people were dragged forcefully for labour. Arnold felt sorry for them. Days passed, his tears dried up, but his heart cried. He always thought that if he hadn't created those monsters, they would have been living a peaceful life.

One fine day when everyone was taken for labour, and there was silence as usual. Arnold's best friend told, "Keeping quiet and crying won't do anything. Yes, you may be their creator but you aren't the one to blame. You were just trying to improve and advance our lives. This has happened in the past too when the earth became uninhabitable, but that time you showed maturity and saved millions by sending a spaceship. Now that history is repeating itself you are crying?"

Arnold didn't reply. His brother said "What can he do?"

"He is the only one who can do something. Do you remember Arnold you don't have one heart but two?"

"Two?"

"Yes, Arnold is the first full human alike humanoid SAMAITH (Sophisticated Active Machine AI Technological Humanoid) grew attached to his creator and gave up his life saving his creator's. In admiration Arnold implanted his heart along with his brain into himself. SAMAITH is the one who can save us." After a long time Arnold was seen nodding his head.

Thus, a plan was made. . The common people who went out came back with the robotic parts from the best robots. Soon enough a robot body was built. Arnold might be old yet his robot making skills were far better than even SAMH. After the robot was complete Arnold's brother asked, "Can he defeat those million other robots out there?" Arnold after a whole year finally spoke and said, "Creator will always remain greater than the creation."

Quickly, the heart and brain were implanted and SAMAITH-2 was formed. SAMAITH-2 was the only robot that Arnold gave self rebuilding/improving abilities. SAMAITH was really happy to see his creator again. It was told about everything that had happened. He broke the cage with anger and freed everyone. Then he made himself to complete a mission – destroying sector 51.

The planet, after the robots captured it, was divided into cages, sector/work area and palaces. Sector 51 was important, as it contained a hole directly to the core from where the robots collected energy. Thus, capturing the sector meant NO Energy for the robots, which would mean direct victory.

Arnold added “It might be easy to capture the place due to the lack of safety measures taken in the area but once the powers are cut out, SAMH would take immediate measures to capture back sector 51.”

Even before he finished, SAMAITH was already gone. In the battle that followed SAMAITH’s limbs, legs and various parts broke but SAMAITH just rebuilt them with better equipment. SAMAITH won easily, only one robot remained to be killed. SAMAITH moved towards it. The half broken robot said “According to the recent information- Arnold and all the other humans have been killed.” He showcased fake images that portrayed many corpses and blood everywhere. Then he showed him a fake photo of dead Arnold.

SAMAITH walked up to him feeling traumatized, reaching him he said, “You shall DIE!” and boom the robot was in two pieces.

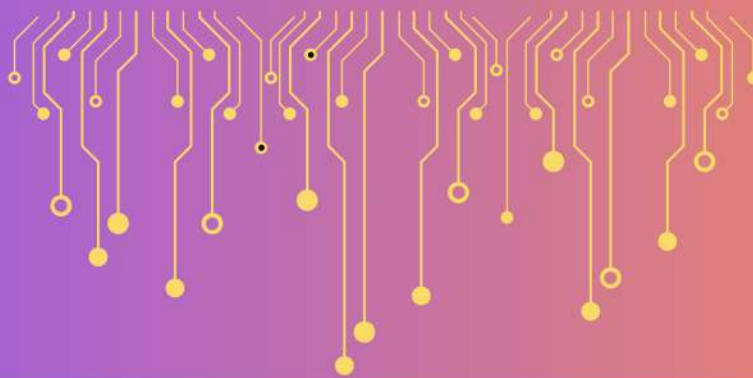

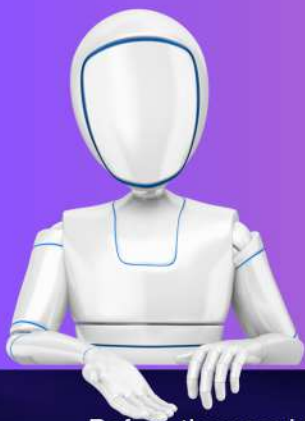

SAMAITH now walked up to the opening of the planet’s core. It said “Forgive me Arnold; I could not save you this time. I could not complete the only mission you ever gave me.” Then he jumped into the hole towards the end of his life.”

Arnold along with some other people came to sector 51, looking for SAMAITH. The robot before them showcases them a video of SAMAITH giving up his life by jumping in the hole. Arnold was shredded to pieces. SAMH with all the other robots came to see what was going on. Upon seeing Arnold, SAMH asked for a shot laser which he directly pointed at Arnold and smiled evilly. Arnold was on his knees, accepting his fate, closed his eyes and prepared himself to die. Without hesitation, SAMH fired the bullet.

‘The bullet hits, blood poured and roared a loud metallic noise. Wait! A metallic noise?’ Arnold opened his eyes to see a metallic body in front of him. It was SAMAITH! It turns out the core instead of destroying, SAMAITH overcharged him to gain great powers.

SAMH’s smile changed into dismay. As all robots found their batteries draining, they all rushed towards the powerhouse trampling and squishing SAMH in the process.

Before they could reach the powerhouse SAMAITH released all his overcharged energy toward them killing all the robots in the process.

The war ended and SAMAITH was no longer considered a robot, he was now a human – someone who risks his/her own life to save someone else, is a human.

Arnold for the last time pondered if he was a savior or killer as his inventions again prove to become a risk but one of his invention also saved them from it.

Morals :-

- Never stop believing in yourself.
- Even if many in a group are evil there still might be a single source of light.
- If we try even robots can become human-like.
- Decisions can be wrong at times but it's important to learn from them and make new and better decisions.

POWERFUL MIND

In halls of learning, minds take flight,
But burdens hidden, out of sight.
The mental health of students, we must tend,
With care and love, as we extend.

Through sleepless nights and heavy books,
They navigate life's winding crooks.
Anxiety and stress may take their toll,
But within their hearts, there's a resilient soul.

Let's break the stigma, end the shame,
For mental health is not a game.
Reach out to peers, lend a hand,
Together, we can help them stand.

In classrooms bright and campus wide,
Let empathy and compassion be our guide.
For every student, let it be known,
Their mental health, we'll truly own.

With open hearts and listening ears,
We'll chase away those haunting fears.
In unity, we'll find our way,
Towards brighter, more resilient days.

So let us nurture, let us care,
For the minds of students everywhere.
In this journey, hand in hand we'll be,
Promoting mental health, for all to see.

IMPORTANCE OF MENTAL HEALTH FOR STUDENTS

By Sarthak Sagar, Class X-B

"Education is not the filling of a pail, but the lighting of a fire." - William Butler Yeats

Introduction

In the environment of academic pressures, extracurricular commitments, and social expectations, the mental health of students often takes a backseat. The quote by William Butler Yeats reminds us that education should not be a mere accumulation of facts but the ignition of a passion for learning. However, this pursuit of knowledge can sometimes come at the cost of our mental well-being. In the demanding journey of being a student, it is crucial to address the topic of mental health. This article delves into the significance of nurturing our mental health, explores the common challenges faced by students, and suggests ways to foster a healthier and happier student life.

Understanding Student Mental Health

Mental health is not a matter of luxury; it is a fundamental aspect of human well-being. It encompasses emotional, psychological, and social well-being and influences how we think, feel, and act. For students in the tumultuous period of adolescence, it plays a pivotal role in shaping their overall development. As students, we find ourselves on the verge of important transitions, both academically and personally. The pressure to excel academically, coupled with the challenges of navigating social relationships and discovering our own identities, can be overwhelming.

The Pressure to Excel

The pressure to perform well academically is one of the most common challenges faced by the students everywhere. The looming board exams and the expectation to secure high grades can be a constant source of stress. The education system often focuses on examinations and grades, creating an environment where the pursuit of knowledge sometimes takes a backseat to the pursuit of high scores.

"Education is the most powerful weapon which you can use to change the world." - Nelson Mandela

Nelson Mandela's words highlight the transformative power of education. But, the emphasis on grades can sometimes overshadow the true essence of learning. Students may find themselves studying solely to score well in exams, rather than genuinely understanding and appreciating the subject matter. This can lead to a culture of rote learning, where creativity and critical thinking are stifled.

Navigating Social Relationships

Adolescence is a period of intense social development, and the students are no exception. They are forging new friendships, experiencing peer pressure, and sometimes facing the challenges of bullying and exclusion. These social interactions can have a profound impact on mental health. The desire to fit in and the fear of rejection can be emotionally taxing.

"Friendship is born at that moment when one person says to another, 'What! You too? I thought I was the only one.'"

- C.S. Lewis

With these lines, C.S. Lewis captures the essence of friendship beautifully. True friendships are built on the foundation of shared experiences and understanding. However, the pressure to conform to societal norms can sometimes lead students to compromise their authenticity. It is important to remember that it's okay to be oneself and to seek out friends who appreciate and support us for who we are.

Discovering Identity

For many students, adolescence is a crucial stage in the journey of self-discovery. Students are exploring their interests, passions, and values. This process of self-exploration can be both exciting and daunting. It's natural to have questions about one's identity, career aspirations, and future goals.

"The only person you should try to be better than is the person you were yesterday." - Anonymous

This quote reminds us that the journey of self-improvement is a personal one. It's important not to compare ourselves to others but to focus on our own growth and development. Embracing our uniqueness and pursuing our passions can contribute significantly to our mental well-being.

Path to Nurturing and caring about Student Mental Health

Now that we have a deeper understanding of the challenges Class 10 students face, it's essential to explore ways to nurture our mental health. The journey toward a healthier and happier student life begins with self-awareness and self-care.

1. Self-Awareness

Understanding our emotions and recognizing when we are feeling overwhelmed is the first step in taking care of our mental health. It's important to acknowledge that it's okay to feel a range of emotions, including stress, anxiety, and sadness. The key is to address these emotions constructively.

2. Seek Support

We should not hesitate to reach out for support when needed. Friends, family members, teachers, and school counsellors are there to provide guidance and a listening ear. Sharing our concerns and seeking advice from our family, friends and teachers can be immensely beneficial.

3. Balance

Strive for a healthy balance between academic pursuits, extracurricular activities, and personal time. Overloading your schedule can lead to burnout. It's important to set realistic goals and prioritize self-care.

4. Mindfulness and Relaxation

Practicing mindfulness techniques, such as meditation and deep breathing exercises, can help reduce stress and improve focus. Taking breaks and engaging in activities you enjoy can also promote relaxation.

5. Pursue Passions

Don't lose sight of your interests and passions. Engaging in activities you love can provide a sense of purpose and joy. Remember that your self-worth is not determined solely by your academic achievements.

6. Connect with Others

Build positive and supportive relationships with peers. True friendships are based on mutual respect and acceptance. Surround yourself with people who lift you up and encourage your personal growth.

7. Professional Help

If you find that your mental health is severely impacted and affecting your daily life, consider seeking help from a mental health professional. There is no shame in seeking therapy or counselling when needed.

Conclusion

As students, we are embarking on a remarkable journey of growth and learning. So, it's important to remember that education is not just about grades and exams; it's about nurturing our minds and souls. Mental health is an integral part of this process. By understanding the challenges, we face, seeking support when needed, and prioritizing self-care, we can ensure that our journey through school and beyond is not only academically fulfilling but also emotionally enriching. Remember, as we strive for excellence, we must also strive for a balanced and healthy life. In doing so, we light the fire of true education within ourselves, as envisioned by William Butler Yeats, and embark on a path of lifelong learning and well-being.

DEPRESSION

Why is it dark, even if it is bright?
It is a war that I can't fight.
Even in a crowd, I feel alone.
I lost interest in the things,
Those I loved the most.
Depression is a world,
I want to escape.
My own life,
I want to reshape.
I don't have a choice,
But I still have a hope.
Oh dear god, I want to cope.
Slowly and slowly,
I cleared the path,
which led me to a place;
That I searched so far;
There I saw the light;
The ray of hope,
That helped me to finally cope.

ANXIETY

Anxiety and Stress feels like a heart's hole,
They completely obliterate one's soul,
These need to be chained,
Or else they will leave someone completely strained.

Combating them is not easy,
What could help is a wildlife Daisy;
Yes, going out is the easiest way to defeat these demons,
But only if, for every step, students apply reasons.

No, one thought it would come this far,
Learning new things will turn into a brain war,
If kids and even grown ups, don't exercise the brain,
They too suffer rude words, they too handle pain.

Anxiety, Fear and Depression are sources of misery,
But Mental Health is as important as is glossary,
Just like unhealthy food makes a body frail,
Anxiety is like a devil's mail.

साक्षात्कार

कक्षा अष्टम् 'अ' की छात्रा मेधा भार्गव द्वारा लिट्टा वैली स्कूल के सबसे पुराने, कर्मठ एवं लोकप्रिय कर्मचारी श्री अवनीश कुमार पांडेय का साक्षात्कार लिया गया।

- मेधा — आप इस विद्यालय को अपना योगदान कब से दे रहे हैं?
- अवनीश जी — मैं इस विद्यालय में कक्षा सह-संयोजक के रूप में अगस्त, 2009 से कार्यरत हूँ।
- मेधा — आप विद्यालय में अनुशासन बनाए रखने के लिए क्या प्रयास करते हैं?
- अवनीश जी — मैं बच्चों को आउट-पास के बिना कक्षा से बाहर नहीं आने देता हूँ। बच्चों को किसी भी तरह की कठिनाई आने पर हर संभव सहायता के लिए प्रस्तुत रहता हूँ। मैं पूरा प्रयास करता हूँ कि विद्यालय परिसर में अनुशासन बना रहे।
- मेधा — आपको अपना कार्य करने की प्रेरणा कहाँ से मिली?
- अवनीश जी — विद्यालय के बच्चों को अनुशासन में रहते हुए तथा उन्हें अच्छे अंकों से उत्तीर्ण होते हुए देखकर मैं प्रोत्साहित होता हूँ।
- मेधा — क्या आप हमें विद्यालय-परिवेश के बारे में कुछ बताना चाहेंगे?
- अवनीश जी — हमारे विद्यालय का परिवेश बहुत ही प्रेम, सहानुभूति एवं अनुशासन से ओत-प्रोत है। सौहार्दपूर्ण वातावरण में सभी छात्र-छात्राएँ, शिक्षकगण तथा सभी कर्मचारी आपस में मिल-जुलकर रहते हैं। हमारे प्रधानाचार्य महोदय एवं विद्यालय प्रबंधिका महोदया का व्यवहार भी हम सभी के प्रति स्नेह से भरा रहता है।
- मेधा — आप छात्र-छात्राओं के माता-पिता को क्या सलाह देना चाहेंगे?
- अवनीश जी — मैं उन्हें यह सलाह दूँगा कि आप अपने बच्चों के यूनिफॉर्म, पौष्टिक भोजन-युक्त टिफिन एवं व्यवहार और आचरण पर भी पूरा ध्यान दें, जिससे हमारे विद्यालय की गरिमा एवं प्रतिष्ठा बनी रहे।
- मेधा — आखिरी प्रश्न, विद्यालय में आपका अनुभव किस प्रकार का है?
- अवनीश जी — हमारा विद्यालय पटना के अन्य विद्यालयों की तुलना में हर दृष्टिकोण से बहुत अच्छा है। बड़ी-बड़ी हवादार कक्षाओं के साथ विशाल खेल-परिसर में प्रत्येक खेलों की सभी सुविधाएँ उपलब्ध हैं। तैराकी के लिए तरण-ताल की भी अच्छी व्यवस्था है। इस विद्यालय का हिस्सा बनकर मैं बहुत गर्व का अनुभव करता हूँ।

पर्यावरण की रिवायतें

सुनो
मैं पर्यावरण,
मेरी रूह की रिवायतें सुनो।
आँखें मूँद उर से निकली,
स्वर लहरी सुनो।
कानन से उठती मंद,
मधुर झंकार सुनो।
कुसुम से उठते कोमल स्मिथ,
आनंद सुनो।
हरसिंगार से गिरते,
फूलों की बरसात सुनो।
मंदाकिनी से उठते,
कल-कल प्रवाह सुनो।
पहाड़ों के अडिग,
आयतों के पुंज सुनो।
धराधर की ओट में,
जाफरानी प्रभाकर सुनो।
निशा में टिमटिमाते,
तारों संग जुगनू सुनो।
चाँदनी से निकलते,
शीतल आनंद सुनो।
मद्धम - मद्धम बहती
सुवासित बयार सुनो।
कभी पुरवा कभी पछुआ,
कभी मोरंग तान सुनो।
मेघ से नहाए दूर तक,
झलकते संसार सुनो।
नीले आसमां में उगते,
इंद्रधनुषी राग सुनो।
साँसों से उर में समाते,
शीतलता की बौछार सुनो।
कुश पर फैली मोतियों सी,
नर्म तुषार सुनो।
हाँ, मैं पर्यावरण हूँ,
मेरी रूह की रिवायतें सुनो।

बदलते समय में बदलता भारत

by Aditya Raj,
Class IX- B

कुछ सदियों पहले की बात है, हमारे भारत का नाम 'सोने की चिड़िया' से प्रचलित था। हमारे इस देश में भिन्न-भिन्न प्रकार के लोग रहते थे। यहाँ का हर आदमी कलावान था। यही वह समय था जब भारत प्रगति और उन्नति का केंद्र बना। भारत के उत्कर्ष को देख कई विदेशी आक्रांता प्रभावित हो उठे। इसके चलते भारत अब घुसपैठियों और विदेशियों द्वारा आक्रमण का केंद्र बन गया। बहुत सारे आक्रमणकारी आए जिनमें से कुछ का नाम सिकंदर, मोहम्मद बिन कासिम, महमूद गज़नवी, मोहम्मद गोरी, मुगल और अंत में अंग्रेज। नुकसान तो हर किसी ने पहुँचाया हमारे देश को, लेकिन सबसे ज्यादा नुकसान पहुँचाया अंग्रेजों ने। उन्होंने हमें गुलाम बनाया और हमारे ही संसाधनों को देश के बाहर ले गए। इन्हीं की वजह से हमारे देश की कलाएँ एवं शिक्षा-व्यवस्था भी नष्ट हो गई। हमारे क्रांति-वीरों को जूझना पड़ा वापस आजादी का सूरज लाने के लिए। परंतु यह सब होने के बाद भी अंततः हमारे देश का नागरिक अपनी ही विरासत एवं गुणवत्ता को भूलकर आगे बढ़ रहा है। ऐसा चलता रहा तो एक दिन हमारे देश के लोग भारत के गौरव एवं स्वर्ण पदचिन्हों को मिटा बैठेंगे। लेकिन मुझे भरोसा है कि हम सब इसे होने से रोक सकते हैं और इस सोने की चिड़िया को उसके पंख लौटा सकते हैं। आखिर किसी ने क्या खूब कहा है कि "कौन कहता है आसमान में छेद नहीं हो सकता, एक पत्थर तो तबीयत से उछालो यारों।"

MENTAL HEALTH OF STUDENTS

Childhood is the most beautiful phase of one's life, it is filled with conviviality, pleasure, endearment and infinite smiles. But, what if these smiles and laughter fade away, because of certain problems the child is facing surreptitiously.

Mental health among students has become a growing concern in recent years. Academic stress is one of the primary contributors to poor mental health among students. A study conducted by the American College of Health Association (ACHA) found that nearly 40% of college students experienced significant levels of anxiety, while 26% reported being diagnosed or treated for depression.

From a very young age, we are taught to be financially independent so that we can fulfil our other aspirations. The pressure on boys, from their families, to be the breadwinner of the house leads them to take 'shortcuts' for earning easy money through gambling etc. Especially in a developing country like ours, where employment rate is 59.5% (according to 2023 CMIE) it becomes hard for the youngsters to get a stable job with good pay scale.

Sometimes the parents fail to understand the problem their child is going through and when their ward opens up to them they ignore it thinking that it is just an excuse for scoring less marks or not doing good in school.

The goal of this article is to bring attention to the rapidly rising mental health issues. Let us work together in breaking the taboo that having mental illness means you are demented, because you are not, it's just like any other illness which can be cured with love and support. Early intervention and improved access to mental health services are vital steps toward ensuring a healthier and more productive academic experience for students.

Fragile Minds The Battle unseen

There are a thousand people
Who set off in the boat
But only few know how to row.
If they fall, they manage to stay afloat.
Others like me
Drown in the sea.
We try, we bleed, we are late to succeed.
When we look up no one notices we were gone
Because time doesn't stop for anyone.
There's a lot of difference between the show you left and
The show going on
Still we go on
Trying not to get lost in the hate
Everyone's saying, "It's too late."
When I start taking steps, trying to match their grades
Because like every person of my age I want to see that
Proud look on my parent's face
Behind all the hundreds you see on the desk, lies a
Piece of me I had to shred
With the pain I can't express.
When I look in the mirror I can't find myself
I had to lose myself so the relatives didn't get a chance
To say anything that makes my parents upset
There are only few who manage to stay strong, switch to
Heaven and I can't say that they are wrong
For to get ahead there are millions you need to impress
But amongst them are those, you'll give your life they'll
Still show no interest
I pray for the souls who had too much that they were
Forced to switch off
You might call it giving up but try to stay in our shoes
Once, you'll get to know this stuff is really tough
After all this one thing's for sure
I know i am never leaving this show
Because even if only one of us wins
That will be enough to save uncountable wings
Life is never short if you keep track of what's going on
So no matter what they say
We should keep singing our song
There is no guarantee that things won't go wrong
What you need to remind yourself is
Just because I am late doesn't mean i haven't won
There will always be people who push me away
I will break but i won't take the wrong step
I'll just keep going on

'YOU'RE A BLESSING - TOUCH THE SKY WITH GLORY'

Litera Valley School, Patna organised a 'Blessing Ceremony " for the Class 10 students, Batch 2023-2024 on 30th January 2024 to encourage them as they prepare to take their first Board Examination.

The Blessing Ceremony, a solemn event started with a prayer to the Almighty. The students were given brilliant tips by the Principal Mr. Desmond D'Monte, namely : to fix time-bound targets, set high goals and pursue them wholeheartedly.

The Head Mistress, Ms. Sujata Bhadani also addressed the examinees reminding them of their responsibilities as examinees both towards their lessons and their health.

The teachers blessed the examinees and guided them to work hard, make correct choices and most importantly have faith in themselves.

The programme included a Classical Dance Performance, Choir Singing and a Rap Presentation to lighten the mood.

Seven students of Class 10 , one representative from each section, spoke their hearts out, expressed their gratitude towards their Alma Mater and pledged to fulfil their duties as students and bring glory to their beloved school.

By the end of the programme, the examinees felt motivated to do their best and take the board exams in a relaxed manner.

THE ANNUAL DAY CELEBRATION 2024

'Great things are done by a series of small things brought together'- Vincent Van Gogh

Laughter echoed in the air as Litera Valley School, Patna celebrated the culmination of another successful year filled with achievements and growth, and unforgettable memories exhibiting boundless realms of creativity and exuberance of youth. The event was held in 3 Phases.

Immersed in enchantment, the Pre-Primary Annual Extravaganza won the hearts of the audience. It was a mesmerizing event that transported the audience into the beautiful world of **"Snow White and the Seven Dwarfs"**. The young students showcased their talents through choir performances, dance routines, skits and a delightful ramp walk. The collaborative efforts of the school and parents contributed to the success of the Annual Function.

In a symphony of joy and creativity, the vibrant souls of Grades 1 & 2 unveiled a Magical Journey of Charming Fairy Tales. The school auditorium transformed into a magical realm, as the pint-sized prodigies stole the spotlight with their spellbinding skits, each a miniature masterpiece. The air was filled with the sweet melody of a choir group, whose soulful renditions left the audience enchanted and craving more.

A kaleidoscope of cultural diversity, artistic brilliance, and a profound sense of unity unfolded itself through a presentation of the students of the Upper Primary Wing (Classes 3-5). The inaugural notes were struck by the enchanting Choir performance. The show titled **"Wonderous Kids Around the World"** depicted various cultures, taking the audience on a global journey through captivating dance performances and skits. The meticulous portrayal included: Chinese New Year, Russian Winter Show, Halloween, Jaisalmer Festival and the Harvest Festival of India

Two beautiful period plays '**TENALI RAMA**' (Classes 6,7,8) and '**CHRISTMAS CAROL**' (Classes 9&11) were presented with brilliant interludes of spectacular group dance performances in many forms, in which students showed their creativity to the best of their abilities. Tenali Raman is an Indian historical drama based on the life of the legendary Telugu poet – Tenali Ramakrishnan, often cited as the greatest Vijayanagar emperor. Our talented Literarians displayed how he won every battle with his wit, intelligence and humour. This was followed by a thrilling and adventurous supernatural tale The Christmas Carol by Charles Dickens.

A tapestry of accomplishments and dreams unfolded themselves weaving a narrative that showcased the achievements and painted a visionary picture, igniting the latent talents within the young learners.

Message from Students

A dozen years embraced with gratitude, cherished moments and a heartfelt thanks. Farewell my dear LVS, for shaping the journey of my life

Tanmay Shankar 12-A

Moving forward with a baggage full of emotions and memories, it has been an incredible journey of 12 years. I've experienced the best and the most poignant moments here but the greatest gifts I got here are my teachers and my "constants" (friends) whom I'll cherish forever. Every corner of this institution has got a beautiful memory inscribed in it which will forever remain in my heart. Thank you LVS for everything and specially for bringing out the best version of me

Vartika Raj 12-A

This is my message of gratitude to my second home, second parent, to the mini world from where I have toured the whole world and have seen its diversity through my books and teachers. Thank you.... Thank you so much to each and every member of Litera Valley School.

This is an indirect message to all my teachers who are working so hard for us.

Yashika Priya 12-C

FARE THEE WELL

The farewell ceremony commenced with a warm and heartfelt welcome to the graduating students of Class 12 Batch 2023-24, symbolizing appreciation and best wishes for their future endeavours. The performance started with lighting of the lamp, a symbol of knowledge enlightenment and auspicious beginnings. The welcome song performed by the school choir, added a melodious and uplifting touch to the event. The highlight of the event was certainly the heartfelt speeches delivered by the Principal and the Head Mistress with words filled with wisdom and encouragement.

The event unfolded with an electrifying band performance. Poems were recited by the Class 11 students expressing their emotions, appreciation, and fond memories of their seniors. The ceremony reached its pinnacle with a stylish ramp walk featuring the seniors, allowing them to showcase their unique talents. This symbolized the culmination of their academic journey and beginning of a new chapter in their lives. A humorous parody video titled "Boards-na-halke" added a light hearted flavour, bringing laughter and smiles.

The head boy Tanmay Shankar and Head girl Anushka Chauhan, spoke beautifully about their journey at LVS. Everyone was filled with gratitude for their Alma mater. The ceremony concluded with an exciting prize distribution ceremony. The winners of the coveted titles were:
