The students from both the schools had an amazing and super informative discussion while interacting. This collaboration over a zoom meeting, truly turned out to be very meaningful and knowledgeable.

Dancing Through Divinity: Echoes of Odissi Grace at Litera Valley

~Arnav Raj

“Dance is the hidden language of the soul.” – Martha Graham

On 14th May 2025, Litera Valley School witnessed a soul-stirring cultural experience under the SPIC MACAY banner. Grades 6 to 8 had the privilege of engaging with Smt. Kavita Dwibedi, an internationally celebrated Odissi exponent, who transformed the stage into a sacred canvas of storytelling and rhythm.

What unfolded was more than a performance—it was a dance dialogue. Smt. Dwibedi traced the journey of Odissi from its temple roots to the emergence of Gotipua, where young boys in female attire preserved the tradition during the 11th century’s political upheavals. She interwove this with India’s diverse classical tapestry—from Kathak to Mohiniyattam—explaining how classical and folk forms differ in lineage, training, and purpose.

Each segment of her presentation was a visual and emotional revelation—from the Mangalacharan (prayer dance) to the depiction of Odisha’s temple life, the structural elegance of Chowka and Tribhangi, and a final Abhinaya that brought nature and narrative to life.

The performance was enriched by live music from Manas Sarangi (Mardal), Narayan Jena (Vocal), and Pradip Maharana (Violin), creating a synergy of sound and movement that captivated every heart.

Far beyond an artistic show, this event was a celebration of heritage, a lesson in devotion, and a dance of divinity that left the audience enlightened and inspired.

Beyond the excitement, the competition will serve as a platform to develop key entrepreneurial skills, including critical thinking, problem-solving, communication, and leadership, and financial literacy—capabilities essential for building a progressive, self-reliant nation. Attractive prizes, including free vouchers to LV Cafe, added to the enthusiasm and healthy competitive spirit among students.

LV SPORTS ACADEMY

~Yashi Srivastava

Litera Valley School is happy to launch the LV Sports Club and LV Sports Academy, an idea by our respected Chairman, Shri Amit Prakash. This new programme will help students grow not only in studies but also in sports.

The main aim of this initiative is to combine academics with sports. Students will get the chance to improve their sports skills while also learning teamwork, discipline, and staying fit. We want to start building these habits from a young age.

This programme also encourages students to spend less time on mobiles and gadgets and more time building healthy habits. It will help them develop confidence, focus, time management, and leadership skills.

In the LV Sports Academy students will receive proper coaching and training in different sports. But studies are equally important. If a student is not performing well in academics, LV Sports Counsellors will talk to them and explain that only those who study well can continue in the sports programme.

At Litera Valley, we believe in making students strong in both body and mind. That's why our motto is: "Sports Over Screens Nurturing Healthy Heroes."
